

Agenda

Foundry Day

Tuesday, April 25, 2023

- | | |
|---------------|---|
| 08:30 - 09:00 | <i>Registration</i> |
| 09:00 - 09:30 | Welcome and introduction: Fraunhofer IIS |
| 09:30 - 10:15 | Introduction: ams OSRAM including the new 180 nm CMOS atC18c technology |
| 10:30 - 11:00 | <i>Coffee break</i> |
| 11:00 - 11:45 | Introduction: IHP including the new SG13G3Cu technology with a f_{\max} of 650 GHz |
| 11:45 - 12:30 | Introduction: GLOBALFOUNDRIES including the very popular 22 nm FDSOI technology |
| 12:30 - 13:30 | <i>Lunch</i> |
| 13:30 - 14:15 | Introduction: X-FAB including the XT018 und XR013 technologies |
| 14:15 - 15:00 | Introduction: Fraunhofer IISB about their 4H-SiC CMOS high temperature and high-voltage technology |
| 15:00 - 15:15 | <i>Coffee break</i> |
| 15:15 - 16:00 | Introduction: United Monolithic Semiconductors about their GaN and GaAs RF technologies |
| 16:00 - 18:00 | Discussion with the foundries representatives
<i>incl. snack buffet</i> |
