

Non-Commercial Software Evaluation License Agreement

of Fraunhofer-Gesellschaft zur Förderung der angewandten Forschung e.V., registered as a non-profit association at the local court of Munich (Amtsgericht München), Reg No VR 4461, Hansastr. 27c, 80686 Munich, Germany ("Fraunhofer").

Fraunhofer is operating in the field of applied research and has developed certain VQE Software ("Software"), which is offered for download to third party ("Licensee") for limited use and free of charge. Patent licenses may be required for using the Software and it is in Licensee's sole responsibility to obtain those if necessary.

1. License

Fraunhofer grants Licensee access to a complete, machine-readable intangible copy of the Software in object code and related documentation and related information including, but not limited to, passwords or account names necessary for the Software ("Materials"). The source code of the Software is not subject matter of this Agreement. The Software's characteristics and functions are described in the downloadable file of the Software. Subject to the terms and conditions of this Agreement Fraunhofer grants Licensee a personal, timely limited, free of charge, non-exclusive and non-transferable right to use up to five (5) copies of the Software solely on Licensee's computer systems and solely for non-commercial evaluation and test purposes for a limited period and only to the extent that this is necessary for the contractual use of the Software ("Purposes").

Fraunhofer grants Licensee the right to use the Software solely as set out in the Purposes of this Agreement. Any further use of the Software is prohibited and constitutes an infringement of this Agreement (unless otherwise agreed upon with proof of prior written consent of Fraunhofer). In such case, this Agreement terminates with immediate effect.

Fraunhofer will not provide Licensee with any consultation, assistance or advice of any kinds including, but not limited to, Installation, configuration and training in the use of the software, programming of system adaptations.

Licensee understands and agrees that the license to the Software granted under this Agreement does not include any right to develop or distribute Licensee's application(s) or product(s). For information on a license for commercial use, please contact Fraunhofer (amm-info@iis.fraunhofer.de). Licensee understands that Fraunhofer is not obligated to make the Software available as a final commercial product.

2. Title

Title, ownership rights and intellectual property rights in and to the Software and the Materials shall at all times remain with Fraunhofer, who reserves all rights not expressly granted herein. Except as expressly provided in this Agreement, nothing contained herein shall be construed as conferring by implication, estoppel or otherwise any license or right, including without limitation, to patents of Fraunhofer or any other patents or any right under any patent claim directed to a combination of the functionality of the Software with the functionality of any other software programs, or a combination of hardware systems other than the combination of the Software and the hardware or firmware into which the Software is loaded.

All further rights not granted to the Software, in particular all rights such as a trademark, trade secret or other intellectual property rights in the software are reserved by Fraunhofer.

3. Restrictions

1. Licensee agrees not to make any copies of the Software and the Materials other than those inherent in loading and using the Software on Licensee's computer systems. Any copies made must contain all copyright notices that are provided with the Software.

2. Licensee may not remove any proprietary notices or labels pertaining to the Software.
3. Licensee may not transfer, assign, sell, publish, sublicense, rent, lease, lend, export or otherwise distribute to others the Software and/or copies of all or any portion of the Software.
4. Licensee shall not permit others to use the Software except otherwise agreed in this Agreement. Except in the context of Act 69c et sqq. of the German Copyright Act, Licensee may not do any of the following:
 - a. modify the Software
 - b. reverse assemble, reverse engineer, reverse compile or otherwise attempt to create a source code equivalent of the Software.

4. Termination

This Agreement terminates automatically 30 days after Licensee has downloaded the Software. Licensee agrees that upon termination of this Agreement Licensee will destroy all copies of the Software and the Materials and erase the Software and the Materials and all computer programs relating to the Software and the Materials from the computer system in which they were loaded. Licensee may terminate this license at any time by destroying all copies of the Software and the Materials in Licensee's possession. Fraunhofer may at any time and without notice revoke or terminate license in writing for good cause.

5. Limited Warranty

The Software is provided to Licensee on an "AS IS" basis. Licensee has verified that the specification of the Software meets his wishes and needs prior to entering into this Agreement. He is aware of the essential functional features and conditions of the Software according to Fraunhofer product description. According to the current state of the art, Fraunhofer makes no warranty that the Software will be error-free in all use cases. Product descriptions, illustrations, test programs, etc. are therefore general descriptions of performance, but not guarantees. Fraunhofer does not have any obligations to correct errors or discrepancies in the Software.

Provision and transfer of risk of the Software are made at the discretion of Fraunhofer.

Licensee is solely responsible for ensuring that his hardware and software infrastructure meets the system requirements of and for the Software. For the installation of the Software the licensee is responsible.

Fraunhofer provides no warranty of patent non-infringement with respect to this Software.

Liability of Fraunhofer and its legal representatives for material and/or legal defects is limited to fraudulent intent. Except the liability for material defects and defects of title liability of Fraunhofer and its legal representatives arising from tort shall be limited to typical, foreseeable damage caused with intent and gross negligence, to the extent it is not a matter of infringement of life, of personal injury or of injury to health or of product liability (German Product Liability Act).

6. Confidentiality Obligations

Licensee undertakes to treat as confidential the Software and Materials which it receives from Fraunhofer or becomes aware of before or during the performance of the Agreement and which are legally protected or contain business or trade secrets or are designated as confidential, also beyond the termination of the Agreement, unless they are publicly known without breach of the obligation of secrecy. Licensee shall store and secure the Software and Materials in such a way that access by third parties (except as otherwise mentioned below) is excluded. Any result of the evaluation and test using the Software and Materials ("Test Results"), including, but not limited to, keyword spotter, automatic speech recognition (ASR) performance, output wave files, shall be treated and maintained in confidence by Licensee as if they were the Software and the Materials provided under this Agreement.

Licensee shall make the Software, the Materials and the Test Results accessible only to employees and contracted third parties who require the access in order to accomplish the Purpose. It shall instruct these persons about the need for confidentiality of the Software, Materials and Test Results.

7. General

Fraunhofer shall process the Licensee data required for business transactions in compliance with the data protection regulations.

This Agreement sets forth the entire agreement and understanding between Licensee and Fraunhofer pertaining to the subject matter hereof and merges all prior written or oral discussions between them. To the extent permitted by law, this Agreement shall be construed in accordance with and governed by the laws of the Federal Republic of Germany excluding its conflict of law provisions and the United Nations Convention on Contracts for the International Sale of Goods.

If, for any reason, any provision of this Agreement is held invalid under any applicable law or laws, such invalidity shall not affect the remainder of this Agreement, and this Agreement shall continue in force and effect to the full extent allowed by law.

If it becomes apparent that the fulfilment of the Agreement by Fraunhofer is hindered by national or international export control regulations, in particular embargos or other sanctions, Fraunhofer is entitled to revoke the Agreement.

Licensee further agrees that by clicking on the button "REQUEST DOWNLOAD LINK", Licensee shall have manifested its acceptance to enter into this Agreement and executed this Agreement making this an enforceable agreement between Fraunhofer and Licensee.

LICENSEE ACKNOWLEDGES THAT LICENSEE HAS READ THIS AGREEMENT AND UNDERSTANDS IT, AND THAT BY DOWNLOADING OR USING THE SOFTWARE LICENSEE AGREES TO BE BOUND BY ITS TERMS AND CONDITIONS OF THIS LICENSE AGREEMENT.
