## COMPETENCE IN POLARIZATION IMAGING

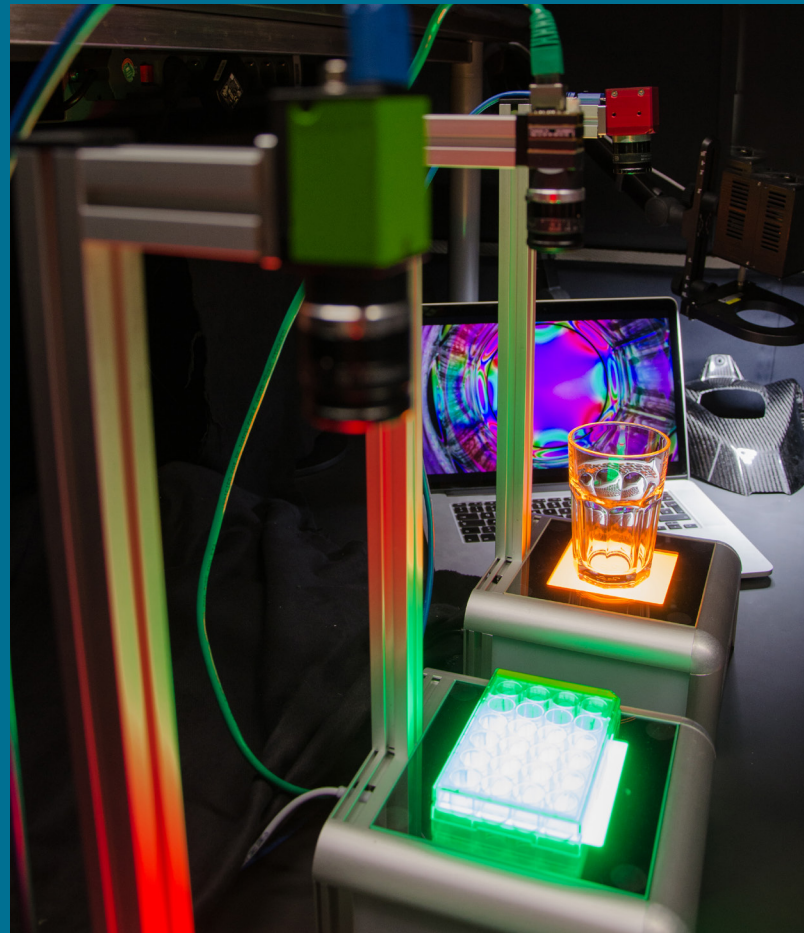

**Fraunhofer Institute  
for Integrated Circuits IIS**

Management of the institute  
Prof. Dr.-Ing. Albert Heuberger  
(executive)  
Dr.-Ing. Bernhard Grill

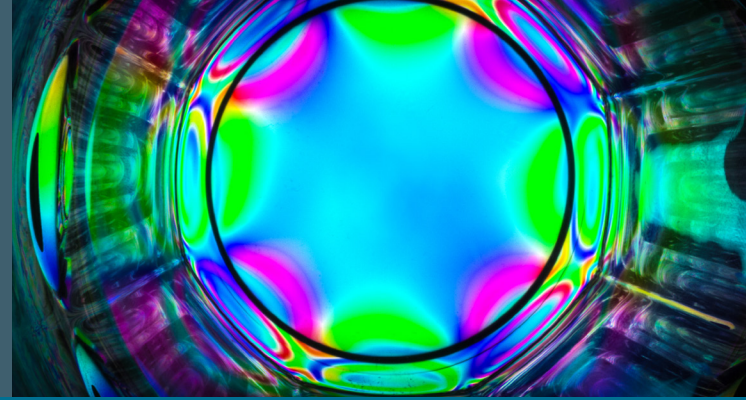

Am Wolfsmantel 33  
91058 Erlangen, Germany

Contact:  
Dr.-Ing. Michael Schöberl

## FRAUNHOFER IIS – THE APPLICATION SPECIALISTS IN POLARIZATION

Polarization is becoming available as a new inspection modality. Do you want to use polarization to your advantage? Look no further than the Fraunhofer Institute for Integrated Circuits IIS with its diverse portfolio and polarization expertise acquired over many years.

From consultancy and studies to the development of modular software and complete systems – we offer you the full range of services from a single source.

### Our polarization imaging services:

- Training
- Studies and preliminary tests
- Customized measurement campaigns including evaluation
- Consulting and system design
- Customer-specific system solutions: set-up, lighting, optics, cameras, software
- Prototypes, small batches, integration

### Your advantages:

- Our polarization imaging expertise acquired over many years
- Our experience with different measurement methods covering a range of sectors
- Fully equipped polarization testing and measuring lab
- Tailored solutions ranging from preliminary studies to small batches
